---

## SUMMARY

Results-driven Computer Science Engineering student eager to apply classroom learning to a software developer role. Demonstrates strong problem-solving skills and a passion for innovation.

---

## PROJECTS

### FOODIEZ [GITHUB](#)

- Designed and implemented a responsive food ordering web application, integrating real-time data through the Swiggy API.
- Improved UX with Shimmer effect, and implemented a Config-driven UI with seamless Client-side routing.
- Utilized Custom Hooks for Single Responsibility and integrated Redux for streamlined Cart management in the app

### NETFLIX-GPT

Status-In Progress

- Engineered a movie recommendation system using GeminiPro-Latest AI Model by Google, offering dynamic suggestions for 20+ diverse movies & shows, and enhanced user experience with a multilingual GPT search page for improved SEO.
  - Leveraged Firebase for robust user authentication and seamlessly integrated the TMDB API to dynamically fetch movies from diverse categories including Popular & Now Playing.
- 

## EXPERIENCE

### Walmart Sparkathon

- Engaged in Walmart's Sparkathon 2023, driving innovation by exploring emerging technologies and their strategic applications.
  - Participated in Sparkathon, contributing to the development of innovative solutions. Led a team in proposing a foundational chatbot prototype, showcasing its potential to enhance customer interactions. Additionally, presented a forward-looking vision on integrating the metaverse concept into Walmart's future strategies
- 

## EDUCATION

### Bachelor of Technology in Computer Science and Engineering (CGPA-8.89)

Guru Gobind Singh Indraprastha University

August-2021-June 2025

- Proficient in algorithms, programming languages, and emerging technologies.
- Blend of theoretical expertise and practical problem-solving skills in software development

### CLASS 12th (PERCENTAGE-93%)

2020-2021

- VSPK INTERNATIONAL SCHOOL
  - NON MEDICAL
- 

## ADDITIONAL INFORMATION

- **Technical Skills:** React.JS, Redux, Javascript, TailwindCSS, HTML, CSS, Node.Js, Express.JS, MongoDB, Data Structures and Algorithms, CS Fundamentals, C++, Python
- **PROFILE LINKS:** [LEETCODE](#) , [GFG](#).
- 
- **LANGUAGES:** English, Hindi
- **Hobbies:** Swimming, Reading
